Block Time 2011 - 2012

If you presently are a Block Time owner, you have until June 30/11 to renew your block. So that there are no misunderstandings, please read carefully the rules for Block Time, which are part of the application form.

If you are new to Block Time, we will accept your application any time. If we still have your requested time available after June 30, you will be given the time. If not, we will let you know, and give you the opportunity to choose another time.

Some of the following points might help you in your consideration of Block Time:

- (1) Please consider your Block Time purchase as a final purchase. Once you have bought it, you own it for the agreed time period. You may sell it, but the club will not purchase it back from you.
- (2) Block Time is separate from our Point Packages. You may not use points to pay for Block Time, except for Low Time Blocks, paid on a weekly basis. We only allow that option for private organizers who have different players playing each week.
- (3) We never guarantee a particular court, because the club's needs change periodically, and we may need to assign you to a different court.
- (4) We always prepare a schedule, showing all your playing times. Please make sure you ask for this at the start of the season so there are no misunderstandings about which weeks are booked and which weeks are not.

If you have further questions, please call or e-mail the club. Thanks

LaVerne Hinan (Manager)

Low Time Blocks 2011/2012

What are Low Time Blocks?

- Low Time Blocks provide players with permanent bookings in Low Time for the winter season.
- Blocks are set up for the same day and time each week.
- Blocks run from Oct. 1 to April 30.
- The club guarantees a court, but not a specific court.

Cost?

- Blocks may be set up to be paid in advance, or on a weekly basis.
- The rate is \$32.00 per court hour (HST included)
- If paid in advance, points may not be used to pay for Block Time.
- For blocks paid on a weekly basis, regular court fees apply.
- The 5% Senior Discount does apply to Block Time. (Age 60)

Payment Options?

- For blocks paid in advance, payment is due with the application.
- Blocks paid on a weekly basis require payment of the first week in advance, and a guarantor in case of non-payment.
- Payment may be made by cash, cheque, Interac or credit card. Cheques may be postdated to the first date of the block.
- All Block Time sales are final.

Cancellation?

- If paid in advance, a block group may request that a block court be cancelled. If the court is sold by the club, a refund in the form of a points credit will be given to the members of the block.
- If paying on a weekly basis, with 7 days notice, a block group may request that a block court be cancelled. Two (2) cancellations during a season are allowed. On a third cancellation, the Block will be removed for the remainder of the season. No-shows will be treated as cancelled courts, subject to the above.

Application & Acceptance?

- An application form is included on the next page.
- Blocks for the full winter season are now being accepted. Present Block Time holders have until June 30 to renew. As of July 1, block time will be allocated first-come-first-served.
- The club reserves the right to limit blocks in any time period.
